

***HAWKS ATHLETIC CLUB***  
***2019 - 2020***  
***PLAYER RECOGNITION AWARD***

***ANDREW WARNER***

The coaches of the NW278 Novice Hawks have selected ***Andrew Warner*** for our Player Recognition Award this year. We had several players who stood out in different aspects such as skill level, work ethic, team spirit, enthusiasm and love of the game but there wasn't much debate among the coaches about who embodied the best combination of these qualities on our team this year. Andrew was the unanimous choice.

As a team with a lot of players new to the game, it was great having a player like Andrew to rely on and point to as an example. Andrew was always one of our most competitive and reliable players come game time. He got his share of goals, but, more importantly to his coaches, he was also one of the first players to look to pass to one of his teammates. Andrew was always very enthusiastic at practice and in the dressing room. He was the first player to volunteer to lead the team in a pre-game cheer. Andrew always worked hard to improve his skills. He paid attention and could always be counted on to follow one of our most important team rules... "Listen to the coaches".

It was a pleasure to coach Andrew. Based on this year, I'm sure he'll be enjoying hockey for many years to come!

Congratulations Andrew!
